BRIEF ORGANIZATION PROFILE

Quivan Skill empowerment Private Limited is a renowned skilling, curated up-skilling, multi skilling & placement linked skill training & testing conglomerate of skill development centres spread over the states of West Bengal, Odisha, Assam, Bihar & Uttar Pradesh. The Company made a humble beginning almost two decades ago & after tasting success in its mission, forward into deeper skilling mission. It is an ISO Certified Skill Development Centre for different Sector Skill Councils under National Skill Development Corporation & Ministry of Skill Development, Government of India as well certified by Directorate General of Employment and Training, Government of India. It is approved Training and Assessment Centre of the Building and Construction Authority (BCA), Government of Singapore.

Vision

- To bridge the skill gaps and to enhance the employability of unemployed youth from sourcing clusters in Northern, Eastern India and North East India.
- Develop globally competent industry-ready for manufacturing, Oil & Gas, Shipyard & Construction Sector.

Welding

Affiliated by Indian Iron and Steel Sector Skill Council. With the world class infrastructure and custom built training module, providing global solutions since decade. Skilling for manufacturing unit in Romania.

Construction

More than 10000 trained and placed in diversified countries. Affiliated by Construction Skill Development Council of India and Government of India. Facilitated international competency standards with UK.

Shipbuilding & Ship Repairing

The shipbuilding and ship repair industry is one of the largest and most developed in the world. We have a strong association with the major payers of the industry based in Singapore, UAE, Kuwait and Europe. We have been providing highly skilled workforce for shipbuilding, conversion and ship repairing projects for more than 20 years. Our prowess in respect to manpower solution for the particular industry is well recognised.

Hospitality

Hospitality means extending a welcome to guests or offering a home away from home, and the word is derived from the Latin word "hospes" meaning host, visitor or stranger. The hospitality and tourism industry is a vast sector that includes all the economic activities that directly or indirectly contribute to, or depend upon, travel, tourism and hospitality. Our curriculum strikes a balance between hands-on experience, academic excellence, and business acumen.

Agriculture

Closely associated with Agriculture Skill Council of India and Government of India. Facilities of world class infrastructure & methodologies of green technologies helps the industry achieve harmonic growth.

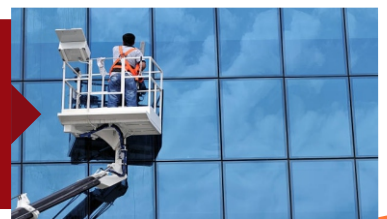

Automobile

Affiliated by Automotive Skill Development Council and Government of India. Partnering for skilling in Automobile Sector between India and Japan. Automobile sector is a branch study which teaches manufacturing, designing, mechanical mechanisms as well as operations of automobiles. It is an introduction to vehicle engineering which deals with motorcycles, cars, buses, trucks, etc. It includes branch study of mechanical, electronic, software and safety elements. Some of the engineering attributes and disciplines that are of importance to the automotive engineer include:

Building Cleaning Mangement

Building Cleaning Management (BCM) is an integrated approach to managing cleanliness in buildings with the aim of creating a clean, healthy, and comfortable environment for its occupants. BCM goes beyond just providing cleaning services; it includes planning, organization, and supervision of cleaning activities. Conducting from entry level to Graduation Level Skill Courses in this sector.

OIL GAS

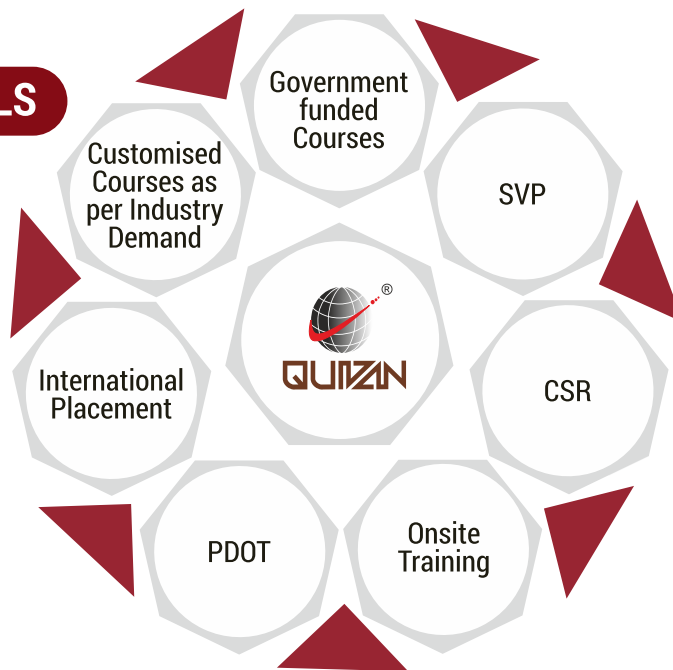

Oil and natural gas are major industries in the energy market and play an influential role in the global economy as the world's primary fuel sources. Working in the oil and gas sector, requires both technical and soft skills. we have been providing skilled talents in Oil & Gas sector for past many years.

Power Plant

A paradigm shift in the energy workforce will require strategic foresight to train up the requisite workforce for deploying clean energy at scale. This particular industry demands highly skilled workers. We're committed to cultivating and expanding a skilled workforce that can drive the global green energy transition.

OUR VERTICALS

CUSTOMISED COURSE AS PER INDUSTRY DEMAND	We offer our own Overseas Placement linked customised courses as per the industry demand to cope with the shortage of skilled manpower in Overseas Industries.
INTERNATIONAL PLACEMENT	We offer our clients Skilled manpower solutions where we source, train and deploy skilled manpower across job functions.
PDOT	We have been approved by the Ministry of External Affairs (MEA) as a Pre Departure Orientation Training(PDOT) Centre under Pravasi Kaushal Vikash Yojana.
GOVERNMENT FUNDED COURSES	We help State Governments and Various National Skill Development Bodies to implement large scale skill development pro-grams. We are currently executing a substantial number of such engagements.
CSR	We work with large corporate organizations to help them achieve their corporate social responsibility objectives. We enable them achieve the same while ensuring their CSR programs are aligned to their core business goals.
ONSITE TRAINING	We have pioneered the country's first recognition of prior learning and onsite training model. We train unskilled and semi skilled workers and operators at the worksite on the skill required to execute their jobs.
SKILL VERIFICATION PROGRAM (SVP):	SVP is a G2G collaboration with the Kingdom of Saudi Arabia. SVP aims to verify that professional workers possess the required qualifications and skills to perform their professions in the KSA. It is through a competency based exam (theoretical & practical) in their respective fields of specialisation contributes to raising the quality of skill levels. Our organisation, Quivan Skill is an empanelled centre to conduct SVP.
